2024 Product Guide Notice

The 2024 Product Guide contains information on both Dreyer's and EDY'S® products.

An important aspect of your support is customizing the Product Guide as appropriate. There are perforated pages, meaning that depending upon your territory, this guide should feature either EDY'S or Dreyer's products – never both. Please be sure to delete pages that don't properly reflect on your territory.

Additionally, please remember the Product Guide is put together to assist sales people in doing their jobs. The Product Guide is not a leave-behind piece for retailers, so please remember to take it with you when you leave a call.
